Welcome back everyone—what an eventful start to the half term with snow. Many thanks to the whole community for supporting our late start to the school day, which ensured everyone arrived safely. We were delighted to show Mr Wilson, CEO WAT our beautiful school on Thursday—once again he was amazed at our provision and the continued improvements. He was delighted to see just how happy everyone is at BPA!

Issues of conduct with the use of Social Media

Most people take part in online activities and social media. It's fun, interesting and keeps us connected.

Bramley Park has a Facebook and Twitter page which allows parents to receive messages about school events. We encourage you to positively participate if you wish. Within these spaces however we ask that you use common sense when discussing school life online.

'Think before you post' We ask that social media, whether public or private, should not be used to fuel campaigns and voice complaints against the school, school staff, parents or children.

We take very seriously inappropriate use of social media by a parent to publicly humiliate or criticise another parent, member of staff or child.

If parents have any concerns about their child in relation to the school as we have said above, they should:

1. Initially contact the class teacher
2. If the concern remains, they should contact the school office to make an appointment with the Executive Principal.

They should not use social media as a medium to air any concerns or grievances.

Online activity which we consider inappropriate:

- Identifying or posting images/videos of children
- Abusive or personal comments about staff, governors, children or other parents
- Bringing the school in disrepute
- Posting defamatory or libellous comments
- Emails circulated or sent directly with abusive or personal comments about staff or children
- Using social media to publicly challenge school policies or discuss issues about individual children or members of staff
- Threatening behaviour, such as verbally intimidating staff, or using bad language
- Breaching school security procedures

At our school we take our safeguarding responsibilities seriously and will deal with any reported incidents appropriately in line with the actions outlined above.
