

The Yorkshire Pup

12/5/2020

To all of my wonderful friends at BPA,

I hope everyone is safe and well.

As you can see I am really growing now, Miss Green says I will need a new bed by the time we get back to school. I am still doing a great job at going to go to the toilet outside - Miss Marnick and Miss Brown have been really helping me when I have gone to school. I have had a wonderful time playing with our key worker children - I am so excited to meet you all too! Going to school has made me really tired though, so I know how you all feel after a long day of learning. I love sleeping on my back - can you see my small piece of white fur? Miss Green says it is my best feature - a true gentleman in his top hat and tails.

This week I managed to go on my first walk...it was a little exciting and I wasn't quite sure what to do, but I managed to get the idea with the help of Miss Green holding my lead really tight. Take a look at my collar and lead - blue stars to match our school colours and rocket theme!

Reading has become my favourite activity, Miss Spivey will be happy - I am beginning to learn how important my role as a therapy dog will be, by helping Dylan read on his #wildread. I give really good support and amazing companionship. I know I am going to do a great job listening to you all read.

On Friday I will be having my last vaccinations at the Veterinary Surgery, which means I can start to go on longer walks. This will make sure I am ready for lots of exciting walks with you all at BPA.

Please keep writing to me via your wonderful Google classroom - I can see what an amazing job you are all doing and I am already very proud of every single pupil.

I can't wait to meet you all very, very soon.

Lots of love

Hamish
