Wow! What an amazing day Year 6 had on Wednesday. We paid a visit to High Adventure Outdoor Activity Centre in Keighley after our planned residential to Kingswood couldn't go ahead due to COVID restrictions. The trip really didn't disappoint and both children and staff had an absolute blast participating in activities such as: Archery; Bouldering; Low Ropes; High Ropes and Zip Wire. The children did incredibly well, pushing themselves to their limits and really rising to the challenges they were set. Behaviour was exemplary and the staff at the centre even commented on how well they represented the school - we are all super proud of them all.

Headlice advice for parents:

Please follow the simple routine below to ensure that you are doing all you can to keep head lice outbreaks to a minimum.

CHECK

- Your child's hair once a week
- Use a proper detection comb to trap head lice.
- If you find live lice, consult a pharmacist for treatment advice immediately.
- If head lice are spotted, take a close look at the hair of all the family.

TREAT

- Please treat your child with a clinically proven treatment.
- Leave the treatment on for the recommended time for maximum effect.
- Repeat the treatment for a second time, seven days after the original treatment to kill any eggs that may hatch after the first treatment.
- Check that all head lice have gone within two to three days of the final application of head lice treatment to complete the process.
- Continue to check for head lice on a regular, weekly basis. For further information on head lice please see your pharmacist or visit www.nhs.uk/conditions/head-lice.
