

# Bramley Park Academy Newsletter

Happy New Year to all of our Bramley Park community. I hope everyone has had a wonderful Christmas break.

As you are aware the COVID pandemic continues to pose significant issues for us all. We are working tirelessly in school to ensure we can open operationally each and every day. Please be assured we are working extremely hard as always for our pupils to ensure our provision is first class and children receive the best possible experiences. Please remember it is imperative your child attends school each and every day and must be on time to ensure learning is not lost. If you are struggling with any aspects of this please do not hesitate to contact our wonderful pastoral team who will do whatever they can to support. Have a great weekend.
