As another long half term draws to a close, I would like to take this opportunity to express my sincere thanks to everyone. Firstly, to the entire staff team who have been fantastic and gone above and beyond this half term to keep school running smoothly despite weekly challenges being thrown at them. Secondly, to the pupils who are an absolute credit to BPA. Their resilience, attitude and behaviour in school this last half term has made the staff very proud. Finally, to the parents who have been incredibly supportive during these testing times. It is very much valued and appreciated by everyone here at school. Please have a restful and enjoyable half term holiday and we look forward to welcoming everyone back on Monday 28th February 2022 for another half term of amazing learning.

School attendance and absence important for your child's future. Going to school regularly is Parents are responsible for making THE THEIR CHILDREN VECEINE FULL TIME education. Parents are legally vesponsible for making sure that children attend school. If your child doein't do to ichool. You could get

Attendance

The effect of absence on progress

A whole year has 365 days; a school year has 190 days. That leaves 175 days to spend

| on i | ramily time, vi | sits, nolidays, s | nopping and ot | ner appointme | nts. |
|-----------------------|--------------------------|--------------------------|-----------------------|-----------------------|-----------------------|
| No Absence | 10 days absence | 12 days absence | 19 days absence | 29 days absence | 38 days absence |
| 190 days of education | 180 days of education | 178 days of education | 171 days of education | 161 days of education | 152 days of education |

Denefits of school attendance Good attendance at school is not just directly linked to improved exam Performance which should in turn lead to Further learning opportunities and better job prospects. As well as this, going Social skills

Team values Cultural awareness Life skills Career Pathways

What is Tourette syndrome?

Tourette syndrome (TS) is a neurological (brain) condition. The main signs of TS are motor and vocal tics. Motor tics can be repeated movements, such as shoulder shrugs or touching things. Vocal tics can include repeated sounds, such as throat clearing or making a specific noise. Coprolalia, or saying rude words or swearing, is perhaps the most well-known sign of TS and affects a number of children with TS. At best, a child or young person will only have some control over his or her tics. While he or she may be able to 'hold them in' for a while, it may be very difficult for them to do this for extended periods of time.

If you know someone who is suffering or just want to learn more, please click the icons below.

Diary Date:

- Friday 18th February: School closes for half term
- Monday 28th February: Return to school
- Friday 4th March: World Book Day
