

# Vision 2030

## Basics

To ensure all our communities have the fundamental skills for life and next stage learning.

## Excellence

To expand our Hub of Excellence throughout the region to give opportunity to all.

## Growth

To enhance and inspire our workforce to be diverse, aspirational and economically secure.

## Residents

To promote a Community Hub which addresses child poverty, provide support and opportunity for all within our reach.

## Eco-systems

To inspire our grounds and young people to live and work within a flourishing green environment.

## Arts

To provide and promote excellence within the Arts Education and experience for our whole community.

## Technology

To safely embrace and utilise the development in technology to enhance outcomes for our community.
